

Policy for ASEP Conference Attendance

Adopted by the ASEP Board of Directors – February 2008

ASEP conferences are designed to nurture a rich mix of possibilities for networking, both professional and personal. To this end, we strive to provide both structured activities and spaces for spontaneous gathering.

At the same time, we understand that holding our events in a public, mainstream venue creates certain limitations. In order to secure the venue, including rooms with discounted rates, we have agreed to abide by the hotel policies.

By registering for this conference, you to agree to the following:

- **The hotel is not a clothing-optional venue. Please dress and conduct yourself accordingly.**
- **No professional services for fees may occur at the hotel.**
- **Individually *organized* events during the Conference timeframe, held on hotel property, must be approved by either the President or Conference Program Chair, preferably both.**
- **Only ASEP-sponsored events may occur on the Wednesday before the Conference through the Tuesday after the conference.**
